

Mandala Eco Homes.com presents:

# Solar Carport by Mandala

Roof: solar collector Ceiling: bamboo mat

## Solar Carport by Mandala Eco Homes.com (808) 579-9099

- \*16 PV Solar Panels mount on the roof
- \*Qualifies for the Solar Tax Credit
- \*Carport, EV charging station or gazebo
- \*Floor area 200 sq ft: 10.5ft x 19.5ft
- \*Collector area 286 sq ft: 13ft x 22ft
- \*Made in Bali as Easy-to-Assemble Kit

### The Mandala Solar Carport qualifies for the Solar Tax Rebate!

This is because the roof is the actual solar collector with waterproofing between the panels. The Solar Carport is actually just an elevated mounting platform for the PV units as there is no sub-roof. Elevated PV mounting platforms qualify for solar tax credits.

### Strong, durable and termite treated.

We build from coconut palm hardwood that has the strength of oak hardwood. Every piece of wood has been pressure treated with non-toxic borates against termites, mold, mildew and dry rot. The pillars are 8-inch diameter solid coconut palm trunk.

### Aesthetic and exquisitely beautiful.

The beauty of coconut palm hardwood is exquisite. Hand woven bamboo mats with fire proof backing graces the ceiling of the carport. Optional corner braces are hand carved. Optional carved trim can be added. This carport is in a class of its own.

### Easy-to-Assemble in prefabricate and prefinished kits.

All Mandala Eco Homes products are pre-built in our own factory in Bali, Indonesia. It is then disassembled and pre-finish in Bali with American made Cetol marine grade finish. The do-it-yourselfer and build our easy-to-assemble kits. Or we can assemble it.

### Hurricane Strong. Marble foundation stones.

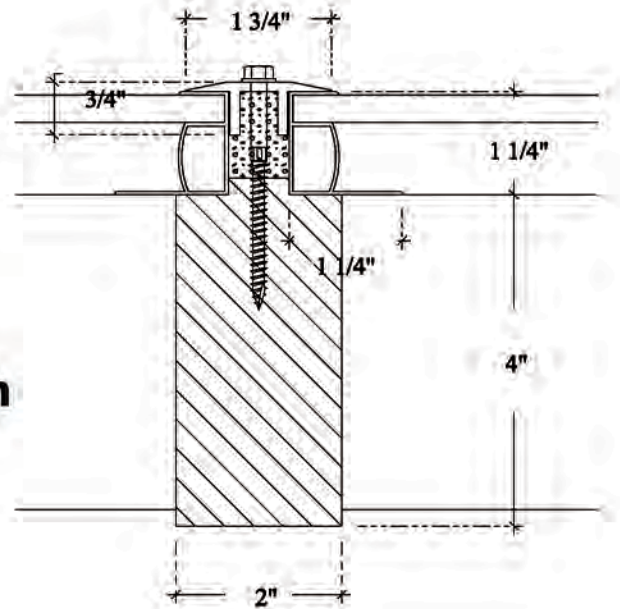

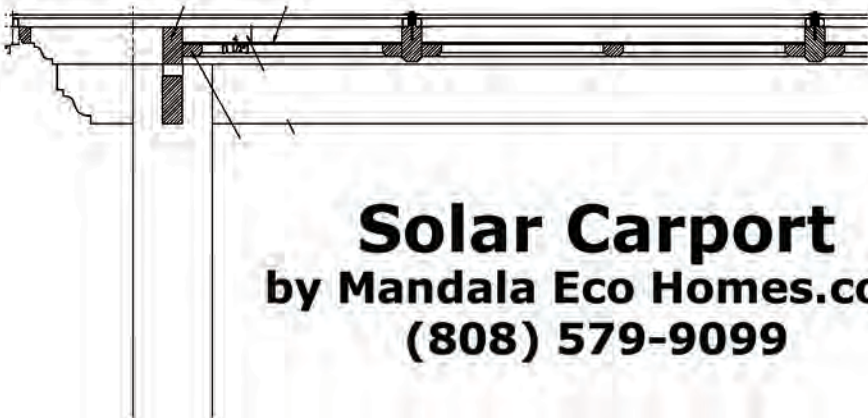

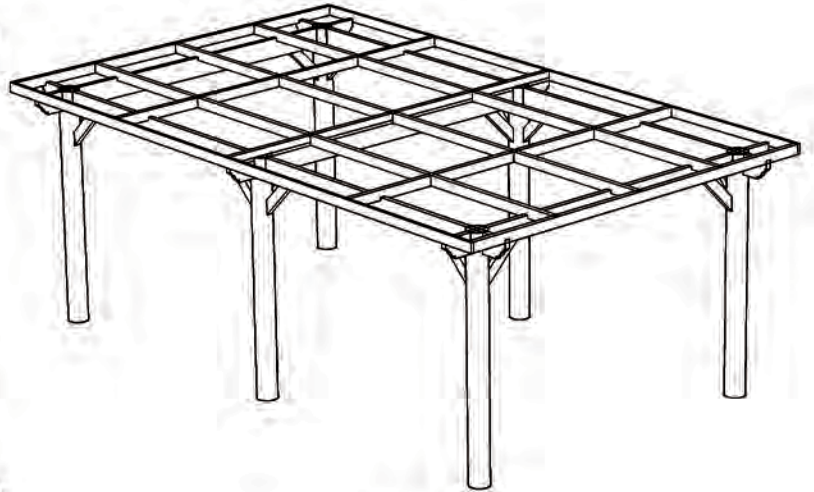

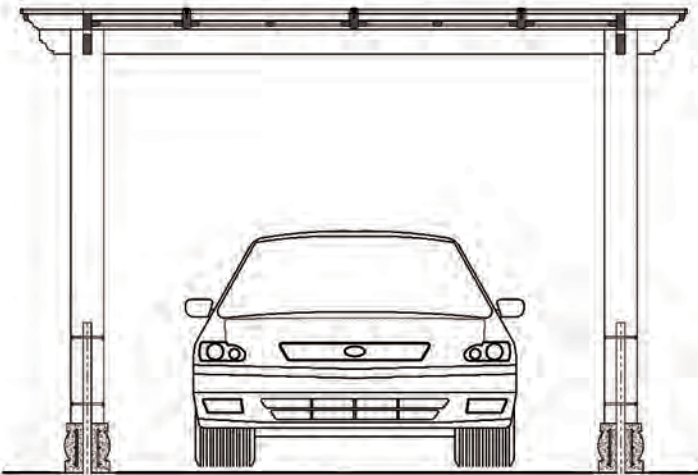

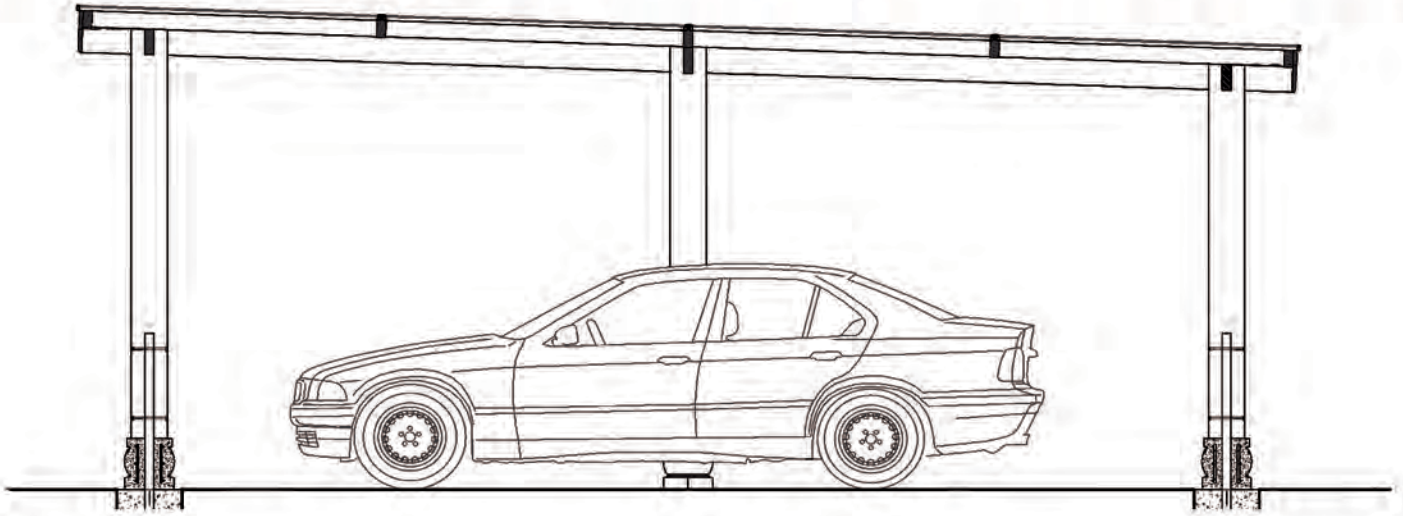

Our marble foundation stones have built in hurricane straps. Headers notch through the pillars with mortise and tenon joints. Rafters are connected with deep lag bolts. Optional carved diagonal braces add additional sheer strength. Engineer for strength.

**Complete kit package start at \$6500 including shipping. Wholesale pricing and custom sizes & designs available. Visit our website for custom homes, ohana cottages, gazebos and yurts.**
